## Kommunikation: Austausch-Forum

Dieses Forum bietet eine „leichtgewichtige Alternative“ zu Citadel an.

The screenshot shows the Notfallbox administration interface. At the top, there's a header with the Notfallbox logo and 'TESTBETRIEB' in red. Below it, the date and time are displayed: 'Samstag, 15. Februar 2025 / 17:48:43 Uhr'. A navigation bar contains links: '# Kommunikation # Citadel-Groupware # Austausch-Forum # Kurznachrichten #'. The 'Austausch-Forum' link is highlighted. Below the navigation bar, the section is titled 'Verwaltungsbereich: Austausch-Forum'. The text describes the forum as a lightweight alternative to Citadel, offering communication in a forum style with topics and answers, and the ability to delete posts with an admin password. A form for the admin password is shown with the text 'Passwort für die Admin-Funktion des Forums', a text input field containing 'notfallbox', and a 'Speichern' button. At the bottom, the server IP address is displayed: 'Server: 192.168.42.86 / 192.168.42.86'.

Hier kann das Admin-

Passwort für das Forum geändert werden (Standard: **notfallbox**).
